Ezy Choice tips

Theme

- The best starting point is the decor and style of your area.
- We have themed our rooms to make your selection process easier.
- Browsing through catalogues is an ideal way to expand your choices and reflect your own individual style.

Colour

- Choose colours to highlight your existing decor.
- If introducing one or two new colours, compliment with accessories.

Size

- As a general rule, a picture hanging by itself should not be wider than the furniture below it.
- Cut out a paper template to help determine the size required.
